The purpose of this handbook is to guide you through the dissertation process. Should you have any questions or require further assistance, please call the College of Education and Human Services (CEHS) Office of Graduate Studies at 973-761-9668. Be sure to read and follow all procedures carefully to ensure a smooth transition from doctoral candidate to doctoral graduate.

**Overview of the Dissertation Process and Requirements**

1. Once you begin the dissertation process and select dissertation committee members, the following forms are required to be filed with the CEHS Office of Graduate Studies, Dean’s Office, Jubilee Hall, 4th floor:
   a. Doctoral Student Information Form
   b. Off-Campus Defense Committee Information Form (If relevant)

2. Work with your mentor on preparing your proposal. When your mentor and all committee members are satisfied with your proposal, they will sign the “Approval for Dissertation Proposal” form.

3. Continue working with your mentor and committee until the completion of your research and dissertation. Upon completion, each member of your committee must review your dissertation and sign an “Approval for Dissertation Orals” form. Return the signed form to the CEHS Office of Graduate Studies. This form indicates to the College of Education & Human Services that you are ready to defend.

4. Prior to the defense you are responsible for:
   a. Arranging for the specific date and time of the oral defense with your mentor and committee members.
   b. Emailing the CEHS Office of Graduate Studies at educate@shu.edu to notify the office of your oral defense date in order to book a room. Refer to page 7 for the specific information required in your e-mail request.
   c. Submitting the “Approval for Dissertation Orals” form with original signatures
   d. Distributing copies of the dissertation to each committee member, which includes the chairperson and, when applicable, external readers prior to the defense date.
   e. **Ordering any visual aid materials for use during your defense.** Students are permitted to utilize one of the Office of Graduate Studies’ LCD projectors for PowerPoint presentations. While coordinating and submitting your final paperwork, be sure to confirm the use of an LCD projector for the day of your defense. Please note: candidates are expected to bring their own laptops. Also, The LCD projectors
provided by Office of Graduate studies are NOT readily Macintosh compatible. If you are planning on presenting your dissertation PowerPoint on a Mac computer please bring an adapter (Apple Mini DisplayPort (Thunderbolt) to VGA Adapter) to ensure that your computer is compatible with the LCD projectors. In addition, as insurance it is also advisable to bring your presentation on a USB drive.

5. When your defense is complete, your committee will inform you of its decision and note any necessary changes to your manuscript. Once you make all necessary revisions and all committee members have signed the “Approval for Successful Defense” form, it is your responsibility to submit the manuscript to the proofreader. The current proofreading rate is determined by the proofreader and the student. A list of proofreaders will be given to you on the day of your defense or you can contact the Office of Graduate Studies for the most up-to-date list of proofreaders (educate@shu.edu or 973-761-9668).

6. After the manuscript is returned from the proofreader, make any necessary changes. Any discrepancies should be discussed with your mentor. Please be sure to follow the Basic Guidelines for Seton Hall Dissertations and Theses as required by the SHU Library (see p.11).

7. After you successfully defend your dissertation, you will receive the Survey of Earned Doctorates. Please complete and return to the CEHS Office of Graduate Studies.

8. Seton Hall University has implemented an online submission system for electronic theses, dissertations, and final projects to the institutional repository, eRepository. Dissertation submission to UMI ProQuest is also available online. The online submission system is replacing the former practice of depositing print copies in the library. Please submit the FINAL electronic version of your thesis or dissertation with the signature sheet to SHU ETD. (Please Note: Once this is converted to .pdf format and submitted to the eRepository the dissertation/theses/project CANNOT be changed or amended. Please make sure before you submit that all corrections/amendments have been made.) There is a $25.00 processing fee paid via Pirate's Gold. Payment can be made in-person at the Circulation Desk or by phone 973-761-9443. For help with your: PirateNet account contact the IT Help Desk: (973) 275-2222 or x2222 or servicedesk@shu.edu, Pirate's gold account contact the Campus ID office: (973) 761-9771 or CampusID@shu.edu.

Procedures Leading to Oral Defense

Before the Oral Defense process begins, the appropriate paperwork must be filed with the CEHS Office of Graduate Studies. Please refer to the “Checklist for Doctoral Dissertation Requirements” on page 6.

Prerequisites to Defend:
Candidates will be deemed ready to defend their dissertation when they have:

- Completed all required course work
- Passed the comprehensive exam and submitted proof of passing
- Submitted the following to the CEHS Office of Graduate Studies:
  - Doctoral Student Information Form
  - Off-Campus Defense Committee Information Form (If relevant)
- Obtained signatures from each member of their dissertation committee on the following forms and returned them to the CEHS Office of Graduate Studies:
  - Approval for Dissertation Proposal form
  - Approval for Dissertation Orals form
- In addition, candidates should:
  - Ensure that each committee member has an updated and clean copy of the dissertation in a binder or other bound form. (These initial copies may be on regular copy paper. Select faculty in PFFT will accept an e-copy. Students should ask faculty members for their preference.)
  - Confirm the date and time of the oral defense with the mentor & committee members.

Scheduling:
Oral defenses can be scheduled during the fall, spring, and summer semesters as long as committee members are available. The CEHS Office of Graduate Studies requests 30 days advanced notice for booking the oral defense location in order to ensure room availability. It is the candidate’s responsibility to coordinate a date and time that fits the committee members’ calendars before e-mailing* the CEHS Office of Graduate Studies at educate@shu.edu to schedule a room for the oral defense. *The candidate’s e-mail should include the following: Full Name, Address, Phone #, Preferred E-mail Address, Degree Sought (Ph.D., Ed.D.), Dissertation Title, Committee Members including Mentor, Defense Date & Time.

After receiving the above information, the CEHS Office of Graduate Studies will email the candidate with a confirmation when the room has been booked. A Notice of Defense will also be posted on the bulletin board outside of the CEHS Dean’s Suite (next to Office 416).
Oral Defense Procedures

Attendance:
The Oral Defense includes all members of the candidate’s dissertation committee, who will act as
signatories. A member of the dissertation committee, or someone external to the committee, may chair the
oral defense. The defense may be attended by a Seton Hall faculty member who elects to attend or any
other person who secures permission from the candidate, the dissertation mentor, and the designated
chairperson. At the opening of the orals, the chair will establish the ground rules for the meeting. Unless
otherwise stipulated, the dissertation mentor will be responsible for keeping a written record of all the
substantive elements of the discussion. The chair and committee members may question the candidate on
all matters about the dissertation. Others who might be in attendance may address questions to the
candidate only upon invitation by the chairperson. When all questions and discussions have been
exhausted, the members will excuse the candidate and reach a decision on the outcome of the defense.
Immediately after the committee has reached a decision, it will inform the candidate of the decision and
the essential reasons it has been made.

Procedures Following Oral Defense

Preceding the oral defense, the mentor will have received two copies of the “Approval of Successful
Defense” form from the CEHS Office of Graduate Studies. This form will be signed by all the committee
members after all of the revisions have been made. One signed form is forwarded to the CEHS Office of
Graduate Studies and placed in the student’s file. The other is bound as page two of the dissertation.

A letter from the mentor to the candidate will be sent within seven working days of the oral defense,
giving specific details regarding revisions that arose at the defense. This letter will stipulate any changes
required in the final copy of the dissertation manuscript. The letter will also stipulate which committee
members need to be consulted during and after the revision process. When all required changes have
been made to the satisfaction of the committee chairperson, one clean copy of the manuscript that reflects
all revisions is submitted to a proofreader. Each student will engage a university proofreader from a list
available at the CEHS Office of Graduate Studies. You may select whichever proofreader suits you best.

The proofreader will follow the Publication Manual of the American Psychological Association, latest
edition. Manuscripts will be checked for spelling, punctuation, and adherence to style. Length and
quality of copy will have a direct impact upon the fee. (For example, it takes approximately six to nine
hours to review a 150-page dissertation.)

Changes that result from the proofreading may be done in consultation with the dissertation advisor, and
in cases of dispute, the Dean. When the dissertation advisor is in agreement with the candidate that the
manuscript reflects all revisions, submit the final electronic version of a thesis or dissertation with the
signature sheet to SHU ETD at http://library.shu.edu/etd-services. Please utilize the library website and
follow all instructions and requirements in order to ensure that your theses/dissertation is accepted to the
eRepository without complication. There is a $25.00 processing fee paid via Pirate’s Gold. Payment can
be made in-person at the Circulation Desk or by phone 973-761-9443.
**Institutional Review Board**

According to federal regulations, all research with human subjects must be submitted to the Institutional Review Board (IRB).

Basic Guidelines for Seton Hall Dissertations and Theses

Some minimum degree of standardization in a Seton Hall dissertation or thesis is required:

- **Standard title page** (see [http://library.shu.edu/ld.php?content_id=9390882](http://library.shu.edu/ld.php?content_id=9390882))
- **Standard signature page** (see [http://library.shu.edu/ld.php?content_id=9390894](http://library.shu.edu/ld.php?content_id=9390894))
- **Correct name of your degree** (see [http://www.shu.edu/academics/masters-degree-programs.cfm](http://www.shu.edu/academics/masters-degree-programs.cfm))
- **Standard copyright page** (see [http://library.shu.edu/ld.php?content_id=9391024](http://library.shu.edu/ld.php?content_id=9391024))

Each College or School has produced a dissertation handbook that is made available as a link on the Libraries’ dissertations and theses page as a central University location with reference to the guidance provided on the mechanics of final manuscript production and submission on the Libraries’ web page. Absent specific school/college guidelines that differ:

12-point Times New Roman is the preferred font. All four margins of the page must be at least one inch, and the left and right margins should be equal. All material, including figures, tables, headers/footers, footnotes/endnotes, and images, must appear within the margins of the manuscript.

The text, is double-spaced. Normally, quotations of eight lines or more are indented and single-spaced. Footnotes, endnotes, and bibliographic entries should be single-spaced with double spacing between each entry.

All prefatory pages are numbered continuously using lower-case Roman numerals (i, ii, iii...) centered at the bottom of the page. All other pages, including the main body of the dissertation, references, bibliographies and appendices, are numbered continuously using Arabic numerals (1, 2, 3...), starting from the number "1". These page numbers should be centered at the bottom of each page.

Guidance for the production of final copy should be centralized in each College or School and not detailed to staff or secretarial-level personnel; that central person should meet annually with designated Library personnel for updated information on processes.
ELMP Department Policy on Obtaining Outside Assistance for Data Analyses in a Doctoral Dissertation

The ELMP Department’s policy is anchored in two basic values or interests: (1) the interest in encouraging doctoral students to further develop their capabilities in selecting and performing analytical techniques—be they quantitative or qualitative --- that are most appropriate to the research questions in their doctoral dissertation work; and (2) the interest in upholding the highest standards of academic integrity in the conduct and reporting of dissertation research.

In the interests of preserving these values, the ELMP Department recommends that:

1. students explore employing the most appropriate analytical techniques as defined by prevailing and even pioneering practice in the academic field of educational or higher educational administration;

2. students seek assistance, within the department faculty and within the College of Education and Human Services in learning and employing new analytical techniques in their dissertation research; and

3. When such assistance is not readily available within the department or college, students are permitted to seek analytical assistance from experts outside the university.

The decision of a student to seek outside analytical assistance should be made ONLY with the advice and consent of the dissertation mentor and the assistance must be provided under the mentor’s supervision. It is expected that the mentor will initially consult directly with those departmental faculty who provide advanced instruction in research methods and data analysis to make a preliminary determination of the appropriateness of a particular student undertaking such analytical work. Once such a determination is made, the mentor must approve in writing the nature and scope of the assistance to include advice on specific challenges in employing a particular technique, typical approaches to data reporting and display, and typical issues of interpretation. In no case would such assistance include running the actual analyses, constructing tables and charts, or writing interpretive narratives that are imported verbatim into the dissertation document. The “outside” analytical consultant must agree in writing to the terms outlined by the mentor. It is expected that the mentor will consult with those colleagues teaching advanced research methods in ensuring contract compliance.

Seeking and using the products of “outside” analytical consultation without the advice and consent in writing of the mentor, or seeking and using advice beyond the scope authorized, will serve as a basis for dismissal from the program.
