# PREFACE

This is the thirteenth annual edition of the Seton Hall University FACT BOOK. It is intended to serve the routine statistical and informational needs of faculty, administration, staff, and alumni. The Office of Institutional Research has attempted to offer relevant information on the principle characteristics and strengths of Seton Hall University. In all areas, we have attempted to gather the current and most accurate data available. Please notify the Office of Institutional Research if you are aware of any factual errors.

You are encouraged to offer comments and suggestions for improvement of future editions and the expansion of reporting areas.

Appreciation is extended to the many offices which have assisted in the research necessary for putting this FACT BOOK together.

# **THE UNIVERSITY**

## MISSION STATEMENT

Seton Hall is a major Catholic university. In a diverse and a collaborative environment it focuses on academic excellence and ethical development. Seton Hall students are prepared to be leaders in their professional and community lives in a global society and are challenged by outstanding faculty, an evolving technologically advanced setting and values-centered curricula.

As amended and approved by the Board of Regents on June 6, 1996.

## BRIEF HISTORY

Seton Hall University was founded in 1865 by Bishop James Roosevelt Bayley, the first bishop of Newark, who named it after his aunt, Mother Elizabeth Ann Seton, a pioneer in Catholic education and the first American-born saint. The University is the largest and oldest diocesan university in the United States.

Nestled on 58 acres in the suburban village of South Orange, New Jersey, Seton Hall's campus is home to eight schools: the College of Arts and Sciences, the W. Paul Stillman School of Business, the College of Education and Human Services, the College of Nursing, the Immaculate Conception Seminary School of Theology, the School of Graduate Medical Education, the School of Diplomacy and International Relations, and University College. Seton Hall's School of Law is located in Newark.

From its original enrollment of a handful of students, Seton Hall grew rapidly. During its first 12 years, the College had enrolled over 500 freshmen from 17 states and six foreign countries. Seton Hall has always reflected the growing ethnic scope of its students and the increasing diversity of the Church and society it has served. In the 19th century, in spite of setbacks, major fires, lean times and the Civil War years, the College continued to expand. By 1937, Seton Hall established a University College. This marked the first matriculation of women at Seton Hall. The University became fully coeducational in 1968.

The years after the Second World War witnessed unprecedented growth for Seton Hall as it responded to the needs of thousands of veterans seeking higher education. The College was organized into a university in 1950, comprising the College of Arts and Sciences and the Schools of Business, Nursing and Education. The School of Law opened its doors in 1951.

The next two decades saw the construction and modernization of a large number of facilities and the construction of the library, science building, residence halls and the student center. Many new programs and majors were inaugurated, as were important social outreach efforts. New ties were established with the private and industrial sectors, and a growing partnership developed with federal and state governments in creating programs for the economically and educationally disadvantaged.

The 1970s and 1980s continued to be a time of growth and renewal. New business and nursing classroom buildings and an art center were opened. In 1984 the Immaculate Conception Seminary returned to Seton Hall, its original home until 1926, when it moved to Darlington. The Recreation Center was dedicated in 1987. With construction of four new residence halls between 1986-1988, and the purchase of an off-campus apartment building in 1990, Seton Hall now provides living space for approximately 2,100 students.

The physical development of the campus continues in the 1990's. In 1994, construction was completed on the \$20 million, four-story Walsh Library. This facility provides first-class study and research resources to undergraduate and graduate students, faculty and scholars from around the world.

The opening, in September 1997, of Kozlowski Hall, Seton Hall's newest academic center, was a clear example of the University's continued commitment to undergraduate technology and the expanding role of information technology in higher education. All classrooms in the building are wired to accommodate notebook computers, and many of the lecture halls are equipped with distance-learning technology.

<sup>1</sup> **Note:** In the Fall 1999 cohort, 3 deceased students are excluded from the statistics.<sup>2</sup> **Note:** "Retention After 1 Yr" is the number of students still enrolled from their entering fall semester to the next fall semester. For example, in Fall 1989, 1105 freshmen entered and in Fall 1990, 948 of those students were still enrolled. A retention rate of 85.8%.<sup>3</sup> **Note:** "Retention After 2 Yrs" is the number of students still enrolled from their entering fall semester to two fall semesters later. For example, in Fall 1989, 1105 freshmen entered and in Fall 1991, 841 of those students were still enrolled. A retention rate of 76.1%.<sup>4</sup> **Note:** "Retention After 3 Yrs" is the number of students still enrolled from their entering fall semester to three fall semesters later. For example, in Fall 1989, 1105 freshmen entered and in Fall 1992, 788 of those students were still enrolled. A retention rate of 71.3%.<sup>5</sup> **Note:** Attrition figures follow the same logic as the above three notes except the number of students who left without earning a degree are tracked.<sup>6</sup> **Source:** Data compiled by the Planning Office from information contained on the university's registration files on Student Information System (SIS).
