THE OFFICE OF GRANTS AND RESEARCH SERVICES

Electronic Research Databases for Grants & Fellowships
Faculty Research Day

Mark your calendar!

Friday, November 17, 2006
9:00 a.m. to 5:00 p.m.
Jubilee Hall
Refreshments will be served.

The theme of this year’s Faculty Research Day is “Research for the Common Good.” This event will raise the visibility of research activities on campus as well as increase awareness of technology and research.

For more information and to register online visit: http://academic.shu.edu/grants/
Overview

Electronic Research Databases

- Available research administration databases:
  - SPINPlus
  - ResearchResearch.com
  - National Science Foundation
  - Genius
  - Grants.gov

- How to find electronic research databases:
  - From SHU Gateway
  - From SHU Grants website

- Research administration databases features

- Research administration alert services

- Provost’s “Faculty Enrollment Initiative”

- ResearchResearch.com demo

Funding Opportunities

The Office of Grants and Research Services (OGRS) will assist the Principal Investigator (PI) in identifying appropriate funding sources, which may include Federal, State, and private funding agencies. The PI is encouraged to register with the funding opportunities search databases available on this website, which will provide automatic alerts about funding opportunities. We recommend that PI’s begin seeking funding at least one year in advance of the anticipated need for funds.

The OGRS also offers a workshop series that includes sessions on using electronic resources to conduct research about funding opportunities. PI’s can contact the OGRS to register for the workshops.

SPINPlus is a web-based system that includes a database of funding opportunities, a database of investigator profiles, and a matching alert service. SPINPlus includes three product modules: SPIN, SMARTS, and GENIUS.
SPINPlus

Features

- Sponsored Programs Information Network is a funding database designed to provide up-to-date information on current national and international government and private funding sources.

- SPIN currently contains information from more than 2,500 different sponsoring agencies, which together fund thousands of separate funding opportunities.

- SPINPlus is a web-based system that includes:
  - a database of funding opportunities (SPIN)
  - a database of investigator profiles (GENIUS)
  - and a matching alert service (SMARTS)

Research

Features

- Only lists research opportunities, not teaching or community outreach grants
- Covers international opportunities
- Three interlinked databases:
  - funding opportunities
  - sponsors
  - News
- Sign-up alert services
  - Receive funding opportunity notices in your Seton Hall University email box
Quick start guide

How to

• Search the database of funding opportunities
• Get your own username and password
• Set up email alerts of funding opportunities
• Catch up with the latest news online
• Get further guidance.

Plus a few tips on other ways the Research service can help you.

Tip: Links are shown in blue. If you read this document on-screen, brown links like Research are live.

Faculty enrollment initiative

- The Office of the Provost, in conjunction with the Office of Grants and Research Services (OGRS).
- New sponsored research database subscription program for the entire Seton Hall University faculty community.
- Main goal is to assist faculty in locating sponsored research opportunities.
- Using ResearchResearch.com, faculty can easily locate grant opportunities for public and private sponsored research programs encompassing many discipline areas.
Steve Potter <info@researchresearch.com>
