

## Observation and Conference Report - Ver 2.4

### SHU - CEHS Observation & Conference Report

The purpose of the O&C evaluation instrument is to provide feedback to the teacher candidate on an observed lesson. The Observation & Conference (O&C) is the evaluation instrument used by both the cooperating teacher and clinical supervisor in Clinical Experiences 1, 2 and 3 and in Clinical Practice 1. It is only used by the clinical supervisor in Clinical Practice 2. It is closely aligned with the Clinical Competency Inventory (CCI) and will help guide the development of the candidate in Clinical Practice 2.

The teacher candidate must be given a score (or marked as 'Not Observed') for each indicator. Please use the 'Additional Comments' section for each indicator to provide support and feedback for the candidate. There are also opportunities at the end of the evaluation to document detailed strengths, areas of improvement and opportunities for reflection and growth.

If you are new to supervision or mentor teaching at SHU and/or would like to refresh your knowledge of the O&C evaluation instrument, there is a PPT overview and assessment available on the Office of Clinical Experiences & Applied Research website. The O&C materials can be found at, <http://blogs.shu.edu/cear>.

### Information on the Grade for Clinical Placement

The final grade for Clinical Experience 1, 2 and 3 and for Clinical Practice 1 will be determined by the eleven competency/indicator evaluation scores earned by the teacher candidate. There is no O&C final grade for teacher candidates in Clinical Practice 2.

**Overall Assessment of Teacher Candidate in the Classroom**

Please use all factors during your time with the teacher candidate to identify a level of performance of the teacher candidate in the classroom. It is important to note that the Clinical Experiences 1, 2 and 3 and the Clinical Practice 1 and 2 are a continuum. We expect to see growth over time for each teacher candidate. It is not the college's expectation that a first or second semester sophomore (Clinical Experience 1 or 2) will achieve the same level of performance as a second semester senior (Clinical Practice 2).

Any significant strengths or areas of improvement the teacher candidate can reflect upon should be included in the comment sections above.

If you have additional concerns or questions regarding the teacher candidate's performance in the classroom, please see the Clinical Placement Handbook for policies and procedures regarding a Clinical Placement Alert Form. The Clinical Placement Handbook can be found at <http://blogs.shu.edu/cear>.
